

CONGRATULATIONS, QUALITY SWITCH!

Recipient of the third annual **Excellence in Manufacturing Award**,
presented by the Youngstown/Warren Regional Chamber and MAGNET

LEFT TO RIGHT: Adam Sewell (Treasurer, Quality Switch), Don Kline (Chairman, Regional Chamber Board), Laura Whitmore (Secretary, Quality Switch), Darlyn McDermott (Market Leader & Growth Advisor, MAGNET), Larry Dix (President, Quality Switch), Jeremy Sewell (Vice President, Quality Switch), Russell Sewell (CEO, Quality Switch) & Sarah Boyarko (COO, Regional Chamber).

Quality Switch is a family-owned and operated company in Newton Falls that designs and manufactures a wide variety of de-energized tap changers and electrical switches used primarily in transformers and load centers, or wherever power is controlled. The company has been actively involved in the transformer industry since the 1950's and continues to develop unique abilities in design and manufacturing, including its expansion into higher voltage applications with the opening of the Horace H. Sewell High Voltage Testing & Research Center in 2016. Earlier this year, Quality Switch was one of six companies to be honored with the President's "E"

Star Award, the highest recognition any U.S. entity can receive for making a significant contribution to the expansion of U.S. exports.
